A bounty of good!

Terme 3000 – Moravske Toplice is one of Slovenia's largest thermal spas. From 4- or 5-star hotels, designer houses, and apartments, anyone can find the right accommodation for themselves. Each hotel has its own thermal pool complex, and the spa resort has a water park with indoor and outdoor pools and waterslides. The special feature of the spa resort is the unique black thermal mineral water. You can experience its beneficial effects in the pools and baths. The golf course on the green plains of Prekmurje, right next to the spa resort, is open all year long, if the weather permits. Our guests like to combine their spa holidays with exploration of the surroundings and cycling trips. However, you do not need to leave the spa resort to explore the local gastronomy: our chefs put more than 50 local dishes on our menus. Visit us and enjoy the bounty of good at Terme 3000.
