ST. BERNARDIN RESORT PORTOROŽ

Just a step away from the sea

St. Bernardin Resort is located directly by the sea, near the popular pathway between Portorož and Piran. It is the perfect starting point for explorations of the more traditional Piran on one side and the entertainment offered by Portorož on the other. The three resort hotels are located near the old Benedictine chapel by the sea, surrounded by oleander trees, palm trees and rosemary bushes. There are seaside lidos all around and the hotels offer both indoor and outdoor pools filled with sea water, as well as wellness centres. The heart of the resort is the marina where you can find traditional restaurants serving typical Istrian dishes. From the cliff above the resort, a five-star hotel with the largest congress centre in Slovenia watches over everything. This is the St. Bernardin Resort – something can be found for everyone and you are never more than a step away from the sea.
